We believe that aging, despite challenges, should be a time of continued growth and development rather than decline. At a Morning Pointe Senior Living community, we provide you with a rich environment focusing on your needs and wants. Our programming connects to your interests while also introducing you to new possibilities. At each community, the Life Enrichment Director or Lantern Program Director heads up the creation of the monthly calendar.

Stay “in the loop” with your loved one using LifeLoop! Designed to enhance communication between residents, family members and associates using a mobile or desktop app, this technology invites all parties to engage in day-to-day life at Morning Pointe.

Morning Pointe communities support you in having a sense of purpose, which has been defined as “an intention to accomplish something that is both meaningful to you and important for the world beyond you.” Research shows that having this sense of purpose benefits physical, mental, and emotional health. We also focus on connecting you to the people and experiences that bring fulfillment.

The Lantern staff goes above what is expected to care for my husband. He is loved, cleaned, and loves the attention that is given him. Thank you, Lantern staff!

ALZHEIMER'S AND MEMORY CARE*

Structured Memory Care — Helping Residents Thrive and Families Have Peace of Mind.

At Morning Pointe Senior Living, our Lantern Alzheimer's Center of Excellence communities are thoughtfully designed to meet residents where they are on their dementia journey—guided each day by purpose, predictability, and compassion.

Some of our free-standing memory care communities offer two distinct levels of support, from early-stage care in the Lamplight communities to more advanced Alzheimer's care in the Lanterns.

At the heart of our approach is the Meaningful Day™ program—a personalized rhythm of life that nurtures each resident's emotional, social, physical, and cognitive well-being. Every meal, interaction, and activity is part of a structured flow that builds confidence, reduces anxiety, and creates moments of success.

Impactful Engagement — Daily moments of purpose and joy.

Our trained Lantern Program Directors create opportunities for connection throughout the day, through:

- **Music Therapy** – awakening emotional memories and improving mood
- **Art and Creative Expression** – fostering imagination and fine motor skills
- **Volunteer Programs** – bringing the community of all ages into the building
- **Pet Visits** – reducing anxiety and offering unconditional comfort
- **Community Service Projects** – giving residents a sense of purpose and belonging
- **Cuddle Therapy Dolls** – nurturing emotional memory and calm

Every resident is known, valued, and celebrated. Activities are personalized to life stories and guided by each individual's unique preferences and abilities — ensuring that every day feels purposeful and familiar.

Why It Matters

Familiar routines bring comfort and confidence to those with memory loss. Morning Pointe's compassionate care fosters dignity, joy, and peace of mind.

A Day in the Life: Meaningful Day™ in Action

Our residents thrive on routine and rhythm. A typical day might include:

Rise and Shine & Breakfast (6–9 a.m.)

Gentle wake-up routines, grooming assistance, and a nutritious breakfast set the tone for the day.

Exercise (9–10 a.m.)

Morning movement, stretching, or guided fitness to boost energy and balance.

Stimulating Activity Time (10–11:30 a.m.)

Rotating programs such as art, music, pet therapy, student visits, or community service projects — each designed to spark connection and joy.

Mid-Morning Snacks & Hydration

Staff encourage hydration throughout the day, offering water, fruit, and juice hourly to support wellness and reduce confusion and fatigue.

Calming Activity Time & Lunch (11:30 a.m.–12:30 p.m.)

Devotions, current events, or sensory activities lead into a peaceful meal with soft background music and social engagement.

Quiet Time (1–2 p.m.)

A calm, restful environment with lights dimmed and soothing music helps minimize sundowning behaviors and promote relaxation.

Afternoon Activity Time (2–4 p.m.)

Interactive programs like art, music, or outings encourage creativity and a sense of purpose.

Evening Routine (5–8:30 p.m.)

Dinner music, gentle conversations, and winding-down rituals prepare residents for a restful night.
